August 15, 2008

Dear Friend,

On October 1, 2008, a golf tournament will be held that will help enhance the lives of the children of Alexandria. The Send a Kid to Camp Golf Classic has been established to continue to send Alexandria City youth to summer camp. Your support for this event and the youth of Alexandria is appreciated.

The Send a Kid to Camp Golf Classic is expected to attract more than 100 golfers and will potentially raise more than \$10,000 for the Alexandria Police Youth Camp. Your contribution will offset the cost of the event, which in-turn will allow us to continue to provide enriching experiences to Alexandria's youth.

The Send a Kid to Camp Golf Classic will be held on Wednesday, October 1, 2008 at 8:30 a.m. at Old Hickory Golf Club in Woodbridge, Virginia. The Captain's choice format golf event will conclude with prizes for winners and a raffle. This year's tournament will be held in conjunction with the Alexandria Police Association.

The Alexandria Police Youth Camp, Inc., was founded in 1947. Since then, nearly 20,000 Alexandria children have spent part of their summer in the country. Camp Charles Herbert Grimm (named after Charles Herbert Grimm who was killed in Iwo Jima) is located in Kilmarnock, Va., on 95 beautiful acres surrounded on three sides by water that flows into the Chesapeake Bay. The Camp owners are the sworn officers of the Alexandria Police Department. The corporation is a 501(c) (3) charitable organization managed by a Board of Directors and an Executive Director.

The Alexandria Police Youth Camp is supported by contributions from individuals, business, civic and social service groups, and a grant from the City of Alexandria. Financial statements are available upon request. Contributions are welcome and are tax-deductible. For further information visit www.alexpyc.org or call me at (240) 256-2092. Please find sponsorship opportunities attached.

Thank you again for your generosity and community support for the City for Alexandria.

Sincerely,

Detective Charles Seckler
